

# New Student Outreach Scorecard

CHAPTER NAME: \_\_\_\_\_

*This scorecard does not measure your love for Jesus or how valuable you are to God. Please have fun with it. We pray this is a useful tool as we reflect on how to show Jesus' love to every corner of campus.*

■ Green = We do this regularly, with good quality. ■ Yellow = We do this, but it's hit-or-miss. ■ Red = We do not do this at all.

## CHAPTER CULTURE: Who We Are

|                                                                                                                                                                                                                                                         |                          |                          |                          |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------|--------------------------|
| <b>PRAYERFUL</b><br>Prayer is our foundation for NSO. Our chapter prays before and during NSO.                                                                                                                                                          | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <b>FUN</b><br>We create moments and events where new students laugh and have fun with us.                                                                                                                                                               | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <b>RELATIONAL</b><br>New students feel important and befriended during our follow-up.                                                                                                                                                                   | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <b>INVITATIONAL</b><br>Our chapter invites people to belong in our community.                                                                                                                                                                           | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <b>LEARNERS</b><br>Staff (or leaders-of-leaders) lead debriefs to interpret lessons from God, pastor students to overcome discomfort (meeting strangers, rejection, long hours), identify improvements for the next NSO, and celebrate the God-moments. | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

### FAQs

#### *Who is this for?*

We created this resource for CSMs to quickly see the basics of good NSO. We also hope that CSMs will discuss their plan with their Area Director and review this scorecard together. (Some chapters might choose to use this with your exec team.)

#### *How do I fill it out?*

Quickly. It offers you a snapshot of your ministry. The faster you fill it out, the more authentic the snapshot will be.

#### *I feel judged by this exercise.*

Any evaluation tool can make you feel judged or overwhelm you. We want this scorecard to help you recognize where you are currently and create a wise growth plan for the next one to three years. Please take risks, give yourself a lot of grace, and learn from what you try this year.

#### *Am I supposed to score all greens?*

No. You might only need to become green in a few areas for your context. Don't try to do NSO perfectly. Discern your growth with your supervisor.

#### *I'm not good at planning and executing events. How should I try and grow in this?*

We suggest setting two goals per event:

- Qualitative (what vibe do you hope for)
- Quantitative (how many people will be impacted)

Afterwards, learn from the event. Did you impact people the way you hoped for? What is one thing you might do differently next year?

#### *When should I fill this out? At what point in my year?*

It depends on your context. We recommend using the scorecard when first thinking through the fall (usually mid to late spring) and again at the end of NSO as part of debriefing.
